

PETRONAS LUBRICANTS

PETRONAS Sprinta 4T Economy Grade Four-Stroke Motorcycle Oil

Intro

PETRONAS Sprinta 4T is an SAE 40 economical grade high quality four-stroke motorcycle oil specially formulated using highly refined mineral base oils and carefully selected high performance additives to give extra engine protection and longer engine life. It is intended for the lubrication of most modern four-stroke motorcycle engines.

Applications

- Four-stroke motorcycle engines
- Two-stroke motorcycle gearboxes

Customer Benefits

- Cleaner engine - reduces engine wear, longer component life and maintains high power output.
- Good engine protection - prolongs engine life and reduce maintenance cost.
- Smooth gearshift and clutch for smoother ride
- Fully compatible with leaded or unleaded petrol
- Good value for money

Product Typicals

Characteristics	Value
Density @15 °C, kg/l	0.896
Pour Point, °C	-9
Flash Point, °C	260
Kinematic Viscosity, cSt	
@ 40 °C	170.8
@ 100 °C	15.8
Viscosity Index	95
ASTM Colour	2.5

Specifications

Exceeds the requirements of:

- API SC
